

# **Steel Window Replacement**

Product Brochure

# Benefits

## Durable

Aluminum windows & doors are built to last and handle tough weather conditions, making them ideal for regions with extreme climates.

## Low-Maintenance

Unlike steel windows & doors that need frequent upkeep, aluminum windows & doors require minimal maintenance. No painting or sealing is needed—just a simple wipe with soap and water.

## Aesthetically Pleasing

With their sleek, modern design, aluminum windows & doors enhance the look of contemporary homes and commercial spaces.

## Secure

Aluminum windows and doors are secure against break-ins. They're light yet strong, and when paired with quality glazing and glass, they provide a robust defense against unauthorized entry.

# What makes our Steel Window Replacement Service unique?

**Up to 4 standard steel windows can be transformed to aluminium within a day**

**Your home stays secure overnight as we work on one window at a time to ensure your safety**

**No heavy construction or painting needed afterwards**

**Takes your steel window frame and uses a special aluminium casing to replace your steel window**
