

Custom
Awnings

Aluminium Adjustable Louvre Awnings

Transform your outdoor space with durable aluminium adjustable louvre awnings, designed to provide flexible shade and protection throughout the year.

Adjust the louvres to control sunlight, ventilation and shade according to the weather.

Available with manual or motorised operation and optional LED lighting, they are ideal for patios, entertainment areas and commercial spaces.

Insulated Ceiling Awnings

Insulated ceiling awnings create comfortable, weather-protected outdoor spaces for residential and commercial properties.

Durable insulated panels help reduce heat, while the waterproof ceiling protects against rain and dust.

Integrated gutters and downpipes ensure effective drainage, making them ideal for patios, balconies, entertainment areas and covered walkways.

Fixed Patio Awnings

Fixed patio awnings create comfortable, weather-protected outdoor spaces for residential and commercial properties.

Durable roofing materials provide reliable protection from the sun, rain and changing weather conditions.

Available in various roofing options, they are ideal for patios, verandas, entertainment areas, carports and covered walkways.

SUN LOUVRES

Sun Louvres

Aluminium sun louvres create cooler, more comfortable spaces for residential and commercial properties.

Durable aluminium panels reduce direct sunlight, heat and glare while maintaining natural light and airflow.

Available in horizontal and vertical configurations, they are ideal for patios, balconies, windows, façades and outdoor entertainment areas.

FOLD ARM Awnings

Fold arm awnings provide flexible, stylish shade for residential and commercial outdoor spaces.

Their retractable design protects against sunlight, glare and UV rays while maintaining open views and natural light.

Available with manual or motorised operation, they are ideal for patios, balconies, terraces, restaurants, cafés and entertainment areas.

Premium Retractable Awnings Solutions

Retractable awnings create stylish, comfortable outdoor spaces for residential and commercial properties.

Their adjustable design provides flexible protection from sunlight, heat, glare and light rain, then retracts neatly when not required.

Available in custom sizes, colours and motorised options, they are ideal for patios, decks, terraces, balconies and entertainment areas.

COMMERCIAL

Awnings

Commercial awnings provide durable, weather-protected spaces while enhancing the professional appearance of business premises.

High-quality acrylic or polycarbonate panels protect against sun, rain and UV rays while allowing natural light through.

Custom-built for long-term performance, they are ideal for shopfronts, entrances, walkways, outdoor dining areas and commercial developments.

Barrel Vault Dome Awnings

Barrel vault dome awnings combine elegant curved design with durable weather protection for residential and commercial properties.

Acrylic or polycarbonate panels allow natural light through while reducing heat, glare and UV exposure.

Their strong structure and efficient water drainage make them ideal for entrances, walkways, storefronts and outdoor seating areas.

Door & Window Awnings

Fixed polycarbonate awnings provide stylish, year-round protection for residential and commercial properties.

Clear, bronze or grey panels protect against rain, hail and harmful UV rays while allowing natural light through.

Available in flexible sizes with durable brackets, they are ideal for entrances, windows, walkways and shopfronts.

WEDGE

Wedge Awnings

Wedge awnings provide stylish, reliable shade and weather protection for residential and commercial properties.

Their distinctive angled design reduces sunlight, heat, glare and UV exposure while improving privacy and energy efficiency.

Available in custom colours, fabrics and sizes, they are ideal for windows, entrances, patios, balconies, walkways and shopfronts.

Pram Awnings

Retractable pram awnings provide flexible shade and year-round comfort for residential and commercial properties.

Their elegant curved design protects against sunlight, heat and UV exposure, while retracting to allow warm winter light indoors.

Available in custom colours and durable fabrics, they are ideal for windows, patios and outdoor living areas.
